

PJHS

Student Assistance Program

- SAP is a program designed to identify issues which prevent students from learning and being successful in school.
- A student should be referred to the SAP team when there are concerns about their school attendance, behavior, academics or health.
- The SAP team will work to identify at-risk students, remediate student issues and monitor student success.
- Students can be referred to the SAP team by school staff members, parents/guardians, another student or by self-referral.
- If you have concerns about your child, please contact the PJHS Office or any member of the SAP team.

PJHS SAP team members

Mr. Lauff, Principal	Mrs. Clavin, Teacher
Mrs. Sowarsh, Counselor	Mrs. Kallal, Teacher
Mrs. Rochkes, School Nurse	Mr. Sanders, Teacher
